

# **WIPA**

## **Composition of the WIPA Management Committee**

The WIPA Management Committee shall be made up of the following members:

- Two members representing the Water Industry Operators Group of New Zealand Incorporated.
- Two members representing Water New Zealand who work in water/wastewater services.
- One member representing the Water New Zealand, Water Supply Managers Group.
- One member representing contractors who work in 3Waters delivery.
- One member representing water/wastewater equipment suppliers.

The Management Committee will select a chair, vice chair and treasurer by consensus or vote if necessary.

The positions of chair and vice chair will be held for a period of 2 years.

Members shall sit on the WIPA Management Committee for a period of two years.

When replacement of members of the Management Committee is required, organisations which are represented (WIOG, WaterNZ, WaterNZ, WSMG) will propose a person to represent them. These representatives will then be approved by the Management Committee. If approval is not granted, the Management Committee will negotiate with the organisation to be represented to identify a suitable person.

Members representing other groups (Civil Contractors, Equipment suppliers) will be appointed directly by the Management Committee, based in the knowledge and expertise they can provide to the Management Committee, unless there is a credible organisation available to represent those groups.

The Management Committee may accept, at their discretion, a person being proposed a committee member who has been a sitting member of the committee.

When the Managing Committee cannot agree on membership, a vote consisting of a simple show of hands will be held. The standing chair of the committee will have the casting vote.
